

Chandra McGuire

Jr. Web Developer

I have been determinedly working towards my career as a front-end web developer and am currently seeking a company to work hard for and put my passion and ingenuity behind.

Work History

I have worked in 3 main fields and have developed assets that I will bring forward as I move into a Web Development career.

As a **Customer Service Representative**, *troubleshooting and resolving issues in a timely manner* is paramount.

As a **Personal Caregiver** for the elderly, *anticipating needs and being a good listener* are intrinsic.

And lastly, as a **Self-Publishing Specialist**, I use my skills in *design, formatting, and layout* as a creative outlet where I enjoy helping to bring other people's ideas into fruition.
